13th November, 1989.

Dear Friends,

This is the second newsletter, and I hope to make it a regular bi monthly.

Your committee has been busy organising the Christmas dinner to be held at the Creation club on 25th November this year and I request you to book your tickets and make this function a great success.

It is \$20-00 for members, and \$50-00 for families with dependant children. The women are busy organising the dinner part and we have planned many entertainment items so it should be a successful function.

The treasurer tells me that subs are overdue and we would like to request you to pay these as soon as possible.

Id-E-Milad was well celebrated by the local Muslim community on the 13th of October.

Deepawali was also celebrated in Hobart this year. The Tamil association of Hobart organised a function at the Polish club which was attended by 100 guests. Variety shows were organised and appreciated by the colourful crowd.

Our congratulations to Maseema and Bruce who have a beautiful baby daughter - Talia.

We wish Suni Bose a speedy recovery from his recent illness.

We would like to congratulate Ujwal and Sangeeta on having gone into their new business venture. They now have a seven day supermarket and cater for Indian ingredients. Their phone number is 443225 and their address is: 16 Ninabah Street, Howrah. 7018.

I am glad to say that we have had a few new family members whose names and addresses will be printed in the next newsletter. I would urge members to recruit new members.

This summer the committee is looking forward to organising barbecues and request the members to throw in any new ideas for get-togethers etc.
